

EUROPEAN UNION'S REACH REGULATION DECLARATION CERTIFICATE

The European REACH Regulation 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), Annex XVII entered into force in June 2009, and affects all companies producing, importing, using, or placing products on the European market. The aim of the REACH regulation is to ensure a high level of protection of human health and the environment from chemical substances.

Microcross Components' substances management system follows and complies with the current revision of the REACH Regulation on the substances as identified by ECHA (European Chemical Agency).

Microcross Components' products are considered articles as defined in REACH Article 3 (3). These products/articles under normal and reasonable conditions of use do not have intended release of substances. Therefore, the requirement in REACH Article 7 (1) (b) for registration of substances contained in these products/articles does not apply.

Microcross Components' products/articles, do not contain **Substances of Very High Concern** or if there are **SVHC** in the product/article, the content is less than the 0.1% (wt/wt) as defined by REACH Article 57, Annex XIV, Directive 67/548/EEC. Therefore, the requirement in REACH Article 7 (2) to notify ECHA if a product/article contains more than 0.1% wt/wt of an SVHC and tonnage exceeding 1 ton per importer per year is not applicable.

Our products do not contain any of the Restricted Substances as defined by REACH Restriction List Annex XVII Directive 76/769/EEC, or that the restricted substances meet the conditions for that substance's use as outlined in the list at: <https://echa.europa.eu/home>

Microcross Components' European operations do not manufacture or import chemicals, therefore Microcross Components has no obligation to register substances.

Microcross Components has taken and continues to take commercially reasonable steps to provide representative and accurate information concerning the application of REACH on Microcross Components products. Microcross Components relies on third parties, including suppliers, and has not conducted destructive testing or chemical analysis on incoming materials. Microcross Components' standard warranty and limitation of liability provisions of Microcross Components' Standard Terms and Conditions apply to the representations herein unless otherwise provided by written contract or other agreements signed by the parties.

"Note: Some of Microcross Components' product/articles designed for the military may not be REACH compliant due to the (Sn/Pb) Tin/Lead termination. Please refer to Microcross for further information on these products."

MICROSS COMPONENTS ACCEPTS NO DUTY TO NOTIFY USERS OF THIS DECLARATION OF UPDATES OR CHANGES TO THIS DECLARATION.

THE REACH SVHC LIST IS DYNAMIC AND SHOULD NOT BE ASSUMED THE FINAL REACH CANDIDATE LIST. The latest list is available at: <https://echa.europa.eu/candidate-list-table>
